Notes

Day 26 of Kinktober - Aftercare. Short & sweet, enjoy!

Will was curled up on the bed, still trembling a little bit. His tired legs were spread, Hannibal's cum dripping from his hole, soaking the bed sheet underneath him. It'd been one of those nights where Hannibal was particularly rough, violent even.

He was almost falling asleep from exhaustion when he felt Hannibal's soft touch on his arm.

"Your bath is ready, my love. I'll carry you."

Will couldn't even answer, only opening his eyes and blinking a few times. Hannibal carefully put his arm under Will's shoulders and held his exhausted, bruised legs from his own previous grips and squeezes. He delicately carried Will's almost sleeping body to their bathroom, and felt Will's damp curls from sweat against his bare chest.

Then, Hannibal put Will in the bathtub as gently as possible, taking extra care not to harm him in any way. Will opened his eyes slowly when he felt the warm, perfumed water touching his body. There were a few rose petals floating on the surface, and Will inhaled the sweet floral scent.

"Feeling better?", Hannibal asked, crouching next to the bathtub and stroking Will's hair.

Will nodded, giving Hannibal a slight smile.

"You were magnificent today, my dear", Hannibal kissed his head, then held his chin, turning Will's face to him, kindly. "Perfect. Beautiful as always", and he kissed Will's red, swollen lips.

Hannibal, then, began to bath Will, washing his hair, cleaning his body, massaging his shoulders and specific spots where he had bitten and scratched. He used Will's favorite shampoo and soap, making sure his husband was comfortable and relaxed after such a tough night. After some minutes, when he finally finished, Hannibal caught a blue velvet robe and covered Will with it.

Will was a little bit more awake, so he whispered "I can walk now."

However, Hannibal was already carrying him again.

"Don't you worry about this, my dear. You only need to rest. I can carry you as much as you need", and he kissed Will's cheek. Will, deciding that he couldn't go against Hannibal on that matter, rested his head on his husband's shoulder, feeling the strong hands taking him to the bedroom. He put Will on the armchair near the window.

"I'll change the bed sheets in a minute", he said.

Will must've fallen asleep again, because when he opened his eyes, the bed was already clean and tidy.

"Shall we?", Hannibal said, sweetly, and gave Will his hand.

He led Will to the bed, and arranged the pillows and blanket. Hannibal laid down beside him, covering them with the soft blanket. Will cling to Hannibal's chest, resting his head there, placing his hand among his chest hair. Hannibal caressed Will's back, kissing his head from time to time. Will fell asleep hearing Hannibal's heartbeats.
